

Certificate of Completion

Awarded to

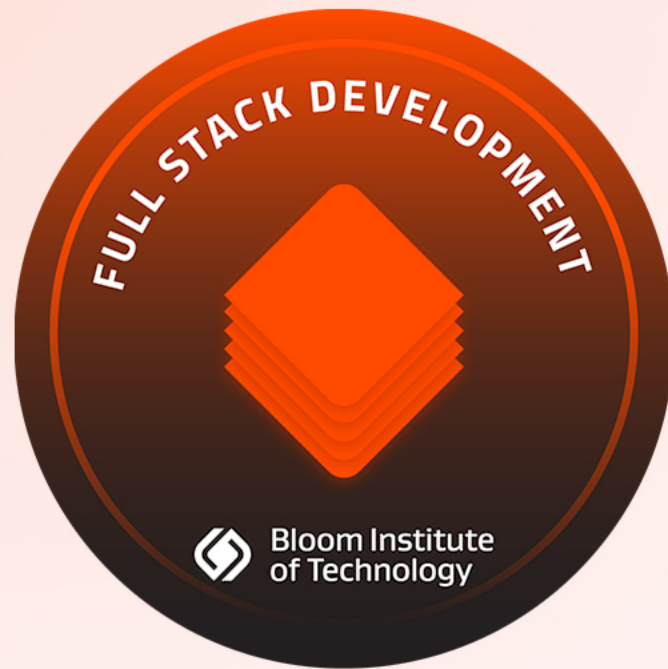

Arkadiusz Rak

*for successfully completing the required **960 hours**
course of study in **Full Stack Web Development**
at **Bloom Institute of Technology***

On 21 May, 2025

Arkadiusz Rak

Authorized signatory

This badge is representative of a BloomTech graduate's skill level in Web Development and foundational Computer Science. These students have demonstrated that they're able to learn languages, libraries, and frameworks, enabling them to keep up with current technologies. They have worked cohesively on a team and have fulfilled all graduation requirements, demonstrating their technical understanding. They have shown proficiency in solving code challenges and passing a technical interview to explain their solutions.

Full Stack Web Development + Technical Interviewing

Time Management Techniques

Earning Criteria

- Completed full-stack web development curriculum, and demonstrated competency of content through weekly assessments.
- Complete a front-end and back-end project during their Web Development portion of the curriculum.
- Completed applied computer science curriculum, and demonstrated competency of content.
- Completed BloomTech Labs, in which they integrated advanced technical skills on complex projects, and effectively communicated code contributions in a mock technical interview.
- Passed final assessments and interviews demonstrating their technical and professional proficiencies.
